

Neville McCaghren

Head of Multi-Asset Quantitative Research
Fidelity Investments

Neville McCaghren is head of Multi-Asset Quantitative Research in the Quantitative Research and Investments division at Fidelity Investments. Fidelity Investments is a leading provider of investment management, retirement planning, portfolio guidance, brokerage, benefits outsourcing, and other financial products and services to institutions, financial intermediaries, and individuals. QRI supports our investors with timely and actionable insights, manages systematic products and solutions, and enables scale through adoption of common platforms.

In this role, Neville is responsible for overseeing the quantitative research team supporting the Fidelity Asset Management Solutions (FAMS) group, and the research and portfolio management team developing and managing systematic multiasset liquid alternatives products.

Prior to assuming his current role, Neville was a quantitative analyst performing research supporting FAMS's target date products. Neville was also responsible for its risk management program, including the component data, infrastructure, and analytics. Neville was previously a director of Asset Allocation Analytics at Strategic Advisers LLC, Fidelity's managed account provider. Prior to joining Fidelity, Neville served as founder, CEO, and portfolio manager at LOGe Solutions, LLC, where he created quantitative risk-managed portfolios for broad market and concentrated positions. Previously, Neville was chief technology officer at Circle Financial Group, director of engineering at Arzoon, Inc., and a project manager at Kenan Systems/Lucent Technologies. Neville joined Fidelity in 2013 and has been in the financial industry since 2005.

Neville earned his Bachelor of Arts from Dartmouth College and his Master of Science and Master of Business Administration from Massachusetts Institute of Technology (MIT).
